

# Driver Theory Workshop

As an Authorised Partner of RoSPA, Pregem is able to offer its customers a wide range of driver and fleet training services delivered by RoSPA but at discounted rates.

## Course objectives

This course is a cost-effective way to train a large number of drivers in one go. The course is very interactive and aims to encourage a positive attitude towards driving.

Due to the modular structure of the course, it can be tailored to suit your organisation and your drivers.

## Who should attend?

Anyone who drives for work.

## Benefits to client

- Cost-effective way to train many employees, with low employee down-time
- Reduced accident and fuel costs
- Improve employees' driving skills
- Course can be tailored to customer's exact requirements

## Course content

The course begins with a one-hour driver development module. Managers are then able to select from the modules below to tailor the course to your organisation. Five modules are chosen for a half-day session, and 10 for a full day session.

Modules:

- Fatigue
- Fitness to drive
- Stress, time, and conflict

### Duration

Half day or full day course depending on requirements.

The full day option can run with the same delegates for the whole day (10 modules), or with two separate groups of delegates for half a day each (five modules).

### Location

Training can be undertaken at customers' premises or at a mutually agreed location.

### Additional information

This course can run with up to 15 delegates.

All delegates should be familiar with the latest edition of the Highway Code.

This course is available as a Driver CPC option. If you would like the course to be CPC registered, you must inform us in advance and provide us with driver licence details.
